

Fittings

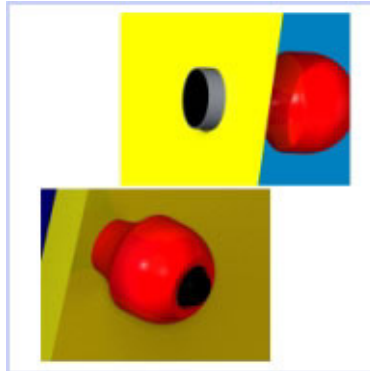

Discovery Range

The Discovery range of fittings has been designed specifically with pre-school children in mind, allowing toilet training to be a fun and safe environment.

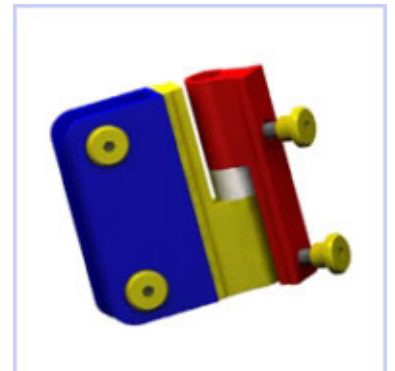

Partition Support Leg

The brightly coloured solid and stable leg, eliminates the need for headrail when used with 12-13mm compact grade materials.

Indicator Bolt

Features a bright red knob along with a magnetic catch. The magnetic catch is a purpose designed safety feature, to enable the door to work on a 'pull to open' basis.

Hinge

The red, blue and yellow hinge is strong and reliable. The hinge has an anti finger trap design to prevent curious children injuring themselves and is easy to site fix.

Bracket

The brightly coloured red brackets are supplied in packs of three, complete with matching fixings and bush bolts.

Coat Hook

Bright yellow coat hook, supplied with fixings and a rubber buffer to prevent damage to walls and partitions.

Toilet Roll Holder

Bright yellow sprung loaded roller, which is supplied with fixings for face fix or through fix completes the finishing touch to the bright cubicle.
